

Directions from Roscoff to La Maison Blanche, Quistinic

Take the D58 to Morlaix without going through it.

After approximately 15km you will pass over a large bridge with River underneath. Once over the bridge you will need to go straight over 2 roundabouts. Very shortly after the second roundabout take the right hand slip road onto the D19 and immediately take the right hand fork to Lorient - keep an eye out because it really is a very quick right fork off the turning off the roundabout!

Take the D785 (Quimper - Lorient) When you come to Pleyber-Christ remember you will come to your 1st set of traffic lights. Through Plouneour Menez. (Basically now keep following signs for Lorient until further notice!)

Roundabout - take D764 to Lorient.

Roundabout - take D148 to Lorient. (You will go through Kergloff (D48) where there are usually some flashing lights because of a crossroads and a fairly slow speed limit) At "T" junction turn left and take D48 to Lorient.

Roundabout - take N164 to Lorient.

Roundabout - take D769 to Lorient

You will go through Port de Carhaix on the D769. After passing by and not going through Le Fauuet, pull off at and go through Plouay

Take the D2 to Bubry. (you will see the Intermarche supermarket - on your right)

In Bubry town centre turn right onto D3 signposted to Quistinic. After approx 10 km ignore right hand signs to Quistinic and at Kergroix/Quistinic crossroads turn left towards Locmaria (can be a bit of a tricky corner for right hand drives). Take immediate right and keep going until you see a Memorial. Turn left (there's a green farm building on your left up ahead). The Le Cosquer turning is just after the farm building on your right (after Botqueno) and then straight ahead - around the left hand bend and look right for the start of the gravel driveway of La Maison Blanche. You can drive the car right to the front of the property to make unloading easier.

Happy Holidays!
